

Dear Valued Patients,

I am extremely excited to share that I have officially taken over care for Dr. Kent Naylor's patients and am proud to continue providing eye care here at our long-standing 8th Street location in Saskatoon. I've already had the privilege of meeting many of you over the past year, and I truly look forward to welcoming and getting to know those I haven't yet met.

I was born and raised here in Saskatoon, where I attended Evan Hardy Collegiate before earning my Bachelor of Science in Biology from the University of Saskatchewan. I later completed my Doctor of Optometry degree at the University of Waterloo. Growing up in this community has shaped who I am, and it means a great deal to now care for patients in the same city I've always called home.

Our clinic—formerly known as Doctors Naylor and Murdoch, 8th Street Vision Centre—is now proudly operating under our new name: **Murdoch & Macnab Doctors of Optometry**, 8th Street Vision Centre, located at 103-3301 8th Street East, Saskatoon, SK.

While our name has changed, our commitment remains the same: to provide personalized, comprehensive eye care for patients of all ages. My goal is to continue building on the strong foundation that has been established here, while always striving to enhance the patient experience in a clean, modern, and welcoming environment.

I want to sincerely thank all of our patients for your continued trust and loyalty. It is truly a privilege to care for you and your families, and I look forward to doing so for many years to come, just as Dr. Naylor did throughout his remarkable 40+ year career.

I would also like to extend a heartfelt thank you to Dr. Naylor for his decades of dedication, compassion, and commitment to this community. His legacy of care is something I deeply respect, and I am proud to carry it forward.

As always, we are welcoming new patients of all ages, and I encourage you to share our new clinic name and contact details with family and friends who may be looking for an optometrist.

Thank you again for being part of our clinic family. I look forward to seeing you at your next visit.

Warm regards,

Dr. Brynton Macnab, OD
